### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The closest prior art is JP 61-192309. JP 61-192309 fails to disclose that the fiber membranes "are arranged in bundles surrounded by a perforated cage" as required by both independent claims. The prior art does not render this limitation obvious in combination with the remaining limitations of the respective independent claims. Terminal disclaimers have been filed regarding US 6,156,200 and US 6,555,005, overcoming non-statutory double patenting rejections.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
